

COVID Summer Day Camp Guidelines

Due to the continued presence of COVID19 there will be additional requirements of counselors, parents, and campers to assure the safety of all involved. The OC will continuously evaluate protocols and will make adjustments throughout the summer as needed.

Daily Screening

- Counselors will use the attached form to screen campers at drop off.
- If a camper answers “yes” to any of the screening questions, they will be sent home.
- Campers must be asymptomatic for 14 days before returning to camp or show proof of a negative test result.

Camp Activities

- Campers will be given hand sanitizer at drop off. There will be an abundance of sanitizer available for use throughout the day. Campers will be given time to sanitize between activities.
- Campers will be grouped by age, with a limit of 10 children per group. We will do our best to keep campers in their designated groups to mitigate the potential spread of COVID19.
- Physical contact between campers and counselors will be limited.
- The vast majority of camp activities will occur outside, where the spread of COVID19 is minimized.
- Camp Counselors who are not vaccinated will be required to wear a mask at all times. Counselors who are fully vaccinated are not required to wear a mask, per the CDC guidelines, but are supported in doing so if they wish.
- While masks are not required for outdoor activities, please pack a mask for your camper in the event that we must move inside due to weather. All campers will be masked when indoors and when riding the bus to the beach on Wednesdays.
- If there is a positive case of COVID19 reported amongst our campers or staff, we will immediately notify all families who may have had contact with the infected person. We will not share identifying information about the child or counselor who contracted COVID19, we will simply make it known that there was an exposure.
